1. **READ ALL INSTRUCTIONS BEFORE USING.**
2. To protect against risk of electric shock, do not place cord, plug, or base of appliance in water or any other liquid.
3. Close supervision is necessary when any appliance is used by or near children.
4. **ALWAYS UNPLUG FROM OUTLET WHEN NOT IN USE, BEFORE PUTTING ON OR TAKING OFF PARTS, AND BEFORE CLEANING.**
5. Avoid contact with moving parts. Keep hands, hair, clothing, as well as spatulas and other utensils away during operation to reduce the risk of injury and/or damage to the appliance.
6. Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions, or is dropped or damaged in any manner. Return the appliance to the nearest Cuisinart® Repair Center for examination, repair, electrical or mechanical adjustment.
7. The use of attachments not recommended by Cuisinart may cause fire, electric shock or risk of injuries.
8. Do not use outdoors.
9. Do not let cord hang over edge of table or counter, or touch hot surfaces.
10. Keep hands and utensils out of freezer bowl while in use to reduce the risk of injury to persons or to the appliance itself. **DO NOT USE SHARP OBJECTS OR UTENSILS INSIDE THE FREEZER BOWL!** Sharp objects will scratch and damage the inside of the freezer bowl. A rubber spatula or wooden spoon may be used when the appliance is in the Off position.
11. Do not use the freezer bowl on flames, hot plates or stoves. Do not expose to heat source. Do not wash in dishwasher; doing so may cause risk of fire, electric shock or injury.

## SAVE THESE INSTRUCTIONS FOR HOUSEHOLD USE ONLY NOTICE

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

## BEFORE USING FOR THE FIRST TIME

DO NOT immerse the motor base in water. Wipe it with a damp cloth. Wash the lid, freezer bowl and mixing arm in warm soapy water to remove any dust or residue from the manufacturing and shipping process. DO NOT clean any of the parts with abrasive cleaners or hard implements.

## FREEZING TIME AND BOWL PREPARATION

The freezer bowl must be completely frozen before you begin your recipe. The length of time needed to reach the frozen state depends on how cold your freezer is. For the most convenient frozen desserts and drinks, leave your freezer bowl in the freezer at all times. You can take it out any time for immediate use. In general, freezing time is between 6 hours and 22 hours. To determine whether the bowl is completely frozen, shake it. If you do not hear liquid moving, the cooling liquid is frozen. Before freezing, wash and dry the bowl. Wrap it in a plastic bag to prevent freezer burn. We recommend that you place the freezer bowl in the back of your freezer where it is coldest.

**Reminder:** Your freezer should be set to 0°F to ensure proper freezing of all foods.

## MAKING FROZEN DESSERTS OR DRINKS

1. Use Cuisinart's recipes from the pages that follow, or use your own recipe, making sure it yields 2 quarts or less. Do not fill the freezer bowl higher than  $\frac{1}{2}$ " from the top. The ingredients will increase in volume during the freezing process. For best results, prepare ingredients in a container from which it is easy to pour.
2. Remove the freezer bowl from the freezer. (Remove plastic bag if you have wrapped freezer bowl.) Place freezer bowl on the center of the base.  
**NOTE:** Bowl will begin to defrost quickly once it has been removed from freezer. Use it immediately after removing from freezer.
3. Place mixing arm in freezer bowl. Arm does not fit tightly. It just rests in the center of the bowl, with the circle side facing up.
4. Place lid on base. Easy-lock lid mechanism allows lid to rest on base in multiple positions.
5. Turn the On/Off switch to On position. Freezer bowl will begin to turn.
6. Immediately pour recipe ingredients through ingredient spout.
7. Frozen desserts or drinks will be done in 25 to 35 minutes. The time will depend on the recipe and volume of the dessert or drink you are making. When the mixture has thickened to a soft-serve consistency, it is done. If you desire a firmer consistency, transfer the dessert or drink to an airtight container and store in the freezer for two or more hours.

**NOTE:** Do not store frozen desserts or drinks in the freezer bowl. Desserts and drinks will stick to the side of the freezer bowl and may damage the bowl. Store only in a plastic airtight container.

## ADDING INGREDIENTS

Ingredients such as chips and nuts should be added about 5 minutes before the recipe is complete. Once the dessert or drink has begun to thicken, add the ingredients through the ingredient spout. Nuts and other ingredients should be no larger than a chocolate chip.

## SAFETY FEATURE

The Cuisinart® Frozen Yogurt-Ice Cream & Sorbet Maker is equipped with a safety feature that automatically stops the unit if the motor overheats. This may occur if the dessert or drink is extremely thick, if the unit has been running for an excessively long period of time, or if added ingredients (nuts, etc.) are in extremely large pieces. To reset the unit, turn the On/Off switch to the Off position. Let the unit cool off. After a few minutes, you may turn the unit on again and continue making the dessert or drink.

## CLEANING AND STORAGE

### Cleaning

Clean the freezer bowl, mixing arm and lid in warm soapy water. DO NOT PUT FREEZER BOWL IN THE DISHWASHER. Wipe motor base clean with damp cloth. Standard wood polish or waxes are suitable to use on wood housing. DO NOT CLEAN FREEZER BOWL AND HOUSING WITH ABRASIVE CLEANSERS OR IMPLEMENTS. Dry all parts thoroughly.

### Storage

Keep unit out of direct sun as sunlight may fade wood housing.

DO NOT put freezer bowl in freezer if bowl is wet. DO NOT store lid, mixing arm, or base in freezer. You may store the freezer bowl in the freezer for convenient, immediate use. Before freezing, wrap the bowl in a plastic bag to prevent freezer burn. Do not store frozen desserts or drinks in the freezer bowl in the freezer for more than 30 minutes at a time. Transfer frozen desserts or drinks to an airtight container for longer storage in the freezer.

## CALIFORNIA RESIDENTS ONLY

California law provides that for In-Warranty Service, California residents have the option of returning a nonconforming product (A) to the store where it was purchased or (B) to another retail store which sells Cuisinart® products of the same type. The retail store shall then, according to its preference, either repair the product, refer the consumer to an independent repair facility, replace the product, or refund the purchase price less the amount directly attributable to the consumer's prior usage of the product. If the above two options do not result in the appropriate relief to the consumer, the consumer may then take the product to an independent repair facility if service or repair can be economically accomplished. Cuisinart and not the consumer will be responsible for the reasonable cost of such service, repair, replacement, or refund for nonconforming products under warranty.

California residents may also, according to their preference, return nonconforming products directly to Cuisinart for repair or, if necessary, replacement by calling our Consumer Service Center toll-free at 800-726-0190.
