BREADCRUMBS (PLAIN AND SEASONED)

There is no need to buy breadcrumbs when you can make them fresh in your Cuisinart® Food Processor.

Makes about 2 cups

1. Preheat oven to 325°F. Arrange the bread on a sheet tray in a single layer. Bake until golden in color and completely dried out, about 20 minutes.

2. When the bread is dried out, break into large pieces and put into the large work bowl fitted with the large chopping blade. Pulse to break up, about 10 times. Process on High until fine and even in consistency, about 1 minute. Store in an airtight container until ready to use.

TIP: Making breadcrumbs is a great use for stale bread. Just break up and process as instructed above without baking first.

Note: For seasoned breadcrumbs, add ¼ teaspoon each dried oregano, dried basil, garlic powder and ground onion flakes to the work bowl with the dried-out bread.

HERB BUTTER

Spruce up ordinary dishes with a dab of herb butter. It can be used in plain pastas, on vegetables, or to finish simply cooked steaks, fish and chicken.

Makes 1 cup

1. Insert the small work bowl and small chopping blade. With the food processor running on High, drop the garlic through the small feed tube to finely chop. Scrape down the sides and add the chives and thyme leaves. Pulse to chop, about 5 to 6 times.

2. Add the butter and salt. Pulse to break up butter, about 5 to 6 times. Process on High until all the ingredients are fully combined, about 40 seconds.

3. Use herb butter immediately or transfer to a sheet of wax paper, shape into a log about 4 to 5 inches long, wrap and twist the ends in opposite directions to seal. Store in the refrigerator until ready to use.

TIP: Use this recipe as a guide for making any type of compound butter. Add a different assortment of herbs, chopped vegetables, crumbled bacon, or sweet ingredients like honey or cinnamon sugar.

SIMPLE PIZZA AND TOMATO SAUCE

The difference between pizza sauce and tomato sauce is that pizza sauce does not need to be cooked—it cooks on the pizza in the oven, while tomato sauce simmers on the stove.

Makes 7 cups pizza sauce; about 5 cups tomato sauce

**Pizza Sauce:**

1. Put all of the ingredients, in the order listed, into the large work bowl fitted with the large chopping blade. Process on High until smooth, 1 minute.

2. Use as is for pizza or other recipes that will cook in the oven. Store remaining sauce in an airtight container in the refrigerator.

**Tomato Sauce:**

1. Put tomatoes into the large work bowl fitted with the large chopping blade. Process on High until smooth, about 1 minute. Reserve.

2. Put olive oil in a medium saucepan over medium heat. When oil is hot, add garlic and cook until lightly golden and fragrant, 2 to 3 minutes. Add puréed tomatoes, cover and reduce heat to simmer, stirring frequently, until sauce is reduced slightly until thickened, about 15 minutes.

3. Tear up basil and add to sauce; cook for 2 minutes. Add salt, taste and adjust seasoning as desired. Remove garlic cloves before serving.

CREAMY WHITE BEAN SOUP

This soup tastes even better the next day, when the flavors are given more time to develop.

Makes about 8 cups

1. Put a large stockpot over medium heat. Once hot, add pancetta and cook slowly, stirring frequently, to render fat, about 5 minutes.

2. While pancetta is rendering, put carrots, celery and onion into the large work bowl fitted with the large chopping blade. Pulse to roughly chop, about 10 times. Add chopped carrots, celery and onion to the stockpot with the pancetta, stir. Add thyme, garlic and black pepper. Allow to cook to soften, about 3 minutes.

3. Add beans with the liquid to the pot, plus enough liquid (water or low-sodium chicken broth) to just cover beans, about 2 1/2 cups. Bring soup to a boil, cover with lid, reduce to a simmer and cook until the beans and vegetables are very tender, about 25 to 30 minutes. Remove from heat and let cool 5 minutes. Remove thyme sprig.

4. Add soup to work bowl and process on High until desired consistency is achieved, 30 seconds to 1 minute 30 seconds.

5. Taste and season with salt to taste, one pinch at a time.

TIP: Do not over season. Flavors will deepen as soup cools; best enjoyed warm.

SPRING VEGETABLE MINESTRONE WITH PESTO

This recipe contains many ingredients and requires a lot of preparation, but the dicing attachment makes it much easier than dicing by hand — and we promise the final result is worth it!

1. Prepare all ingredients before beginning recipe. Using the slicing disc first, slice the leek and celery on setting 5. Reserve together. Adjust slicing disc to setting 7. Slice green beans. Reserve.

3. Put olive oil in a large stockpot over medium heat. Once the oil is hot, add the reserved leek, celery, carrots, fennel with the garlic and ¼ teaspoon of salt and a pinch of the pepper. Sweat until vegetables are slightly soft, about 10 minutes.

4. While the vegetables are sweating, dice the potatoes. Stir into the pot along with the green beans and the remaining salt and pepper. Stir well.

5. Add the broth and Parmesan rind. Increase the heat and bring the liquid to a boil. Add the zucchini, squash, chickpeas and beans. Reduce heat to maintain a simmer until all the vegetables are tender, about 20 to 30 minutes. If using the ditalini, stir in during the last 5 to 10 minutes to heat through.

6. While soup is simmering, prepare the pesto in the small bowl fitted with the small chopping blade: With the food processor running on High, drop the garlic through the small feed tube to finely chop. Scrape down the bowl and add basil, salt and pepper. Pulse to roughly chop, about 5 to 6 times. Run food processor on High and drizzle in oil through the small feed tube. Process until combined, about 1 minute.

7. Once the soup has simmered and all vegetables are tender, taste and adjust seasoning as desired.

8. Serve in individual bowls topped with a dollop of pesto. Pesto is best stirred into soup before eating.

LATKES (POTATO PANCAKES)
This no-fail recipe is great for the holidays, or any time of the year.

Makes twelve, 3-inch pancakes

1. Insert the small bowl with the small chopping blade. Put parsley in the bowl and process on High to chop evenly. Reserve.

2. Insert the shredding disc with the fine side facing up. Shred the potato and the onion. Transfer to a clean towel and gently wring to squeeze out all of the excess liquid. Transfer to a large bowl. Add reserved parsley, flour, salt and pepper; toss to mix thoroughly. Add egg and stir.

4. Put 2 tablespoons of the oil into a large skillet and heat over medium high heat. Once hot, add 6 of the pancakes and cook until golden brown, about 3 to 4 minutes. Flip and cook on the other sides until also golden brown and cooked thoroughly, about 5 to 6 minutes, lowering the heat if necessary to cook through and not burn.

5. Transfer to a plate lined with a paper towel to absorb excess grease. Add the remaining 2 tablespoons of oil to the pan and heat to cook second batch of pancakes.

6. Serve immediately with applesauce or sour cream if desired.

CHICKEN BURGERS WITH MANGO-AVOCADO SALSA

Remaining salsa can be served with tortilla chips—you’re not going to want one bite to go to waste.

CHICKEN BURGERS:

- 2 pounds boneless skinless chicken thighs, cut into 1-inch pieces
- 1 1/2 teaspoons kosher salt
- 1/2 teaspoon freshly ground black pepper
- 3 green onions, trimmed and cut into 1-inch pieces
- 1/2-1 jalapeño, seeded and cut into 1-inch pieces

SALSA:

- 1/4 cup fresh cilantro leaves, loosely packed
- 2 avocados, halved, pitted and scooped out
- 1 mango, peeled, halved and pitted
- 1 teaspoon kosher salt
- 1-2 tablespoons fresh lime juice
- 1 tablespoon vegetable oil

Makes 6 burgers; 3 cups of salsa

1. Put cut chicken thigh pieces into the freezer for 30 minutes to slightly harden.

2. While thighs in are in freezer, prepare salsa:
   Insert the large chopping blade into the large work bowl. With the food processor running on high, drop the jalapeño pieces through the small feed tube to finely chop. Add the cilantro and pulse to roughly chop, about 6 times. Remove the large blade and insert the dicing grid and blade. Dice the avocados, followed by the mango. Remove the dicing grid and add the salt and lime juice to the mixture. Gently fold and transfer to a medium bowl. Taste and adjust seasoning as desired. Cover with plastic wrap and store in the refrigerator until ready to use.

3. Wipe down the large work bowl. Re-insert the large blade and put green onions into the bowl. Pulse to roughly chop, about 6 times. Once 30 minutes have elapsed and the chicken pieces are slightly firm but not hard, add the chicken thighs to the bowl. Add the salt and pepper. Pulse until medium fine, about 16 times. Form into 6 even patties.

4. To cook chicken patties, preheat oven to 350°F.
   Heat oil in a large nonstick pan. Once oil is hot, add 3 of the chicken patties, being careful not to crowd the pan. Brown each side until a nice, golden brown crust forms, then transfer to a baking sheet. Repeat with remaining patties and finish cooking in the oven until the internal temperature reaches 165°F. Remove from oven and let stand for 5 minutes.

5. Serve, topped with mango-avocado salsa and a lime wedge. May also be served on a soft bun like brioche or potato.

MAIN COURSES & SIDES

PINEAPPLE FRIED RICE
Try making this recipe with cauliflower—yes, cauliflower!—instead of rice. See our tip below on how to prepare.

Makes 5 ½ cups

1. Insert the large chopping blade into the large workbowl. With the food processor running on High, drop the garlic and ginger through the small feed tube to finely chop. Remove the chopping blade and insert the dicing grid and blade. Dice the onion and carrots. Remove and reserve. Dice the pineapple. Remove and reserve separately.

2. Put 2 tablespoons of the oil into a large nonstick skillet set over medium heat. Once hot, add the garlic, ginger, onion and carrots. Sauté until vegetables are softened, about 5 minutes. Add the remaining oil and allow to heat for about 1 minute.

3. Add the rice (or cauliflower “rice” if using) and cashews. Cook, allowing it to sit for 1 to 2 minutes between stirs, until crisped and slightly browned, 6 to 8 minutes. Add the pineapple, salt and turmeric; stir, scraping up brown bits from bottom of pan.

4. Push mixture to one side of the pan. Add eggs and let cover half of the pan, and cook, breaking up with a spatula while cooking. Once eggs have cooked, mix with rice.

5. Reduce heat to low. Stir in soy sauce, fish sauce and green onions. Taste, adding additional salt if desired. Add the sake to deglaze the pan, scraping up brown bits from bottom of the pan. Serve immediately.

TIP: The rice can be substituted with cauliflower. Simply cut into florets and put into the large work bowl fitted with the large chopping blade. Pulse to break up, then run on High to finely and evenly chop. Cauliflower will cook when added to the pan in place of the rice.

CAULIFLOWER-CRUST PIZZA
Try this cauliflower crust as a gluten-free alternative.

Crust*:
1. Head (about 1 pound) cauliflower, florets only
2. Large eggs
3/4 cup grated parmesan cheese
1/2 teaspoon kosher salt
1/4 teaspoon freshly ground black pepper
1/4 teaspoon onion powder
1/4 teaspoon garlic powder

Topping:
1/2 bell pepper, seeded and cut to fit feed tube
1/2 onion, trimmed
3 white mushrooms
1/2 pound mozzarella, refrigerated
3/4 cup pizza sauce, see recipe page 23
2 tablespoons extra virgin olive oil

Makes 8 servings
1. Preheat oven to 450°F. Line a baking sheet with parchment paper. Set aside.

2. Put cauliflower florets into the large work bowl fitted with the large chopping blade. Pulse to break up, 5 to 6 times, and then process on High to finely chop, about 30 seconds. Add remaining crust ingredients to work bowl and process on High again to combine, about 30 seconds. Transfer ingredients to the prepared baking sheet. Form into a rectangle about 1/2 inch thick. Bake until golden brown and slightly firm, about 40 minutes. Cool slightly.

3. While cauliflower is cooling, adjust slicing disc to setting 5. Insert slicing disc. Slice pepper, onion and mushrooms. Transfer to a large bowl. Reserve.

4. Insert shredding disc with the medium setting facing up. Shred the mozzarella. Reserve in bowl.

5. Put the pizza sauce in the center of the cooled cauliflower crust and spread evenly, leaving a 1-inch border. Spread vegetables evenly over sauce. Spread cheese evenly over vegetables. Brush edges of crust with olive oil.

6. Bake until toppings are soft and cheese is melted and bubbly, about 15 to 20 minutes.

Our Pizza Dough recipe on page 58 can also be used. Unlike the cauliflower crust, it does not need to be prebaked first. To make: On a lightly dusted surface, roll out pizza dough into a 12-inch circle. Transfer pizza dough to a pizza screen sprayed with nonstick cooking spray or a baking sheet dusted very well with cornmeal. Top with sauce and toppings, brush edges of crust with olive oil and bake until crust is golden brown, toppings are soft and cheese is melted and bubbly.

SAUSAGE ROLLS

The taste of homemade sausage surpasses the taste of prepackaged and is very easy to make in the Cuisinart® food processor. Cook it “loose” on the stovetop to add to any pasta or sauce dish, or make New York City-style sausage rolls using pizza dough and sauce like we do here.

Makes four, 7-inch rolls

1. Put pork pieces into the freezer for 30 minutes to slightly harden. While pork is in the freezer, toast fennel seeds in a pan over medium heat. Reserve.

2. Insert the large chopping blade into the large work bowl. With the food processor running on High, drop the garlic through the small feed tube to finely chop. When the pork shoulder cubes are sufficiently cold, put them into the large bowl with the chopped garlic. Add the toasted fennel seeds, salt, pepper and sugar. Pulse to coarsely chop, about 15 to 20 times.

3. In a large skillet set over medium-high heat, cook chopped pork until completely browned. With a slotted spoon, transfer to a plate lined with a paper towel to drain and cool. Preheat oven to 425°F.

4. While sausage is cooling and oven is heating, lightly dust a flat surface with flour. Roll the prepared pizza dough into an 18-inch circle. Divide into four equal pieces.

5. Take one piece of dough and place it in front of you with the point facing away from you. Put ½ cup of the shredded mozzarella into the center of each piece of dough and arrange into a horizontal straight line. Distribute the meat evenly on top of each cheese pile. Top each with ¼ cup of pizza sauce.

6. Close roll by folding the long bottom part of the dough loosely over the mixture, then fold the tip over the folded dough and tuck under roll. The sides of the sausage roll will be exposed. Repeat with each of the pieces of dough.

7. Put the rolls on a baking sheet lined with foil and bake in the lower part of the oven until dough is golden brown, about 20 to 25 minutes.

CLASSIC WHITE BREAD

Fresh homemade bread is very simple to make with your Cuisinart® Food Processor.

Makes two, 1-pound loaves

1. In a 2-cup liquid measuring cup, dissolve yeast and sugar in warm water. Let stand until foamy, about 5 minutes.

2. Put the flour, butter and salt into the large work bowl fitted with the dough blade. Process on Low to sift, about 10 to 15 seconds.

3. Add cold water to yeast mixture. With the food processor running on Low, add the liquid through the small feed tube only as fast as flour absorbs it. Once dough cleans the sides of the work bowl and forms a ball, continue processing to knead for 45 seconds.

4. Transfer dough to a large bowl lightly dusted with flour. Cover with plastic wrap and allow to rise in a warm place until doubled, about 1 to 1½ hours.

5. After the dough has doubled in size, lightly coat two, 9-inch loaf pans with nonstick cooking spray. Reserve. Punch down dough and divide into two equal pieces. Form into 2 loaves and transfer to the prepared loaf pans. Cover with plastic wrap coated with the nonstick cooking spray. Allow to rise until dough is just above the tops of the pans, about 45 minutes to 1 hour.

6. Preheat oven to 400°F. Bake until tops are browned and loaf sounds hollow when tapped, about 30 to 35 minutes. Remove from pans and cool on wire rack. Cool completely before slicing.

Makes 12 rolls

1. In a small saucepan, combine the milk, butter and sugar. Warm over low heat until the butter is melted. Remove from heat and reserve.

2. In a 2-cup measuring cup, dissolve the yeast in the warm water. Let stand until foamy, about 5 minutes.

3. Put the flour and salt into the large work bowl fitted with the dough blade. Process on Low to sift, 10 seconds. Add the milk mixture and egg to the yeast mixture. Gently stir to combine.

4. With the machine running on Low, slowly add the liquid through the feed tube and process until a dough ball forms. Continue processing to knead the dough, 45 seconds. Shape the dough into a smooth ball and transfer to a large mixing bowl; cover with plastic wrap. Allow to rise in a warm place until doubled in size, about 45 to 60 minutes.

5. Preheat oven to 450°F. Lightly butter a 9-inch round baking pan. Divide the dough into 12 equal pieces, about 2 ounces each. Roll into smooth rounds and arrange in the prepared pan. Cover with plastic wrap and allow to rise until the rolls have doubled in size, about 30 to 40 minutes.

6. Just before baking, gently brush the rolls with the egg wash. Bake until golden brown or an internal temperature of 200°F is reached, about 12 to 15 minutes.

7. Remove rolls from pan and cool on a rack for about 10 minutes before serving. For a softer roll, brush each with melted butter just after removing from the oven.

Makes three, 12-inch pizzas

1. Put the yeast, warm water and sugar into a 2-cup measuring cup. Let stand until foamy, about 5 minutes.

2. Put the flour, salt and olive oil into the large work bowl fitted with the dough blade. Pulse about 5 times to mix.

3. Add the cold water to the yeast mixture. With the food processor running on Low, slowly pour the liquid yeast mixture through the feed tube. Process until a dough ball forms. Continue processing to knead, about 1 minute. Dough will be slightly sticky.

4. Transfer dough to a large bowl that is lightly dusted with flour. Cover with plastic wrap and let rise in a warm place until doubled, about 45 minutes to 1 hour.

5. Punch down dough and divide into three portions. Use immediately, or store remaining portions in sealed, airtight plastic bags in the refrigerator for up to 2 days or in the freezer up to 3 months.

6. Bake using the pizza sauce recipe on page 23 or use to make focaccia. To make focaccia: Brush a baking sheet with 3 tablespoons of extra virgin olive oil. Stretch the dough onto the pan and cover to let rise again, an additional 45 minutes to 1 hour. Drizzle with an additional 1 to 2 tablespoons of extra virgin olive oil and sprinkle with kosher salt and fresh herbs if desired. Bake in an oven set to 425°F until golden brown and crispy, about 40 minutes.

TIP: Pizza dough can also be used to make pita bread: Roll 2-ounce pieces into disks, about ¼ inch thick and bake in a 450°F oven until puffed, about 3 minutes.

DESSERTS

APPLE TART

This stet classic French dessert is a sure way to impress guests.

Makes one, 9-inch tart

1. Insert dicing grid and blade. Dice 3 apples. Put apples into a medium saucepan with the butter, sugar and lemon juice. Gently simmer over low heat until very tender and liquid, about 30 to 40 minutes. When apples are done cooking, remove from heat, stir in vanilla extract and cool.

2. While apples are cooking, blind bake the pastry dough: Preheat oven to 350° F. On a lightly dusted surface, roll out the pastry dough into a circle about ⅛ inch thick. Transfer to a 9-inch tart pan (with removable bottom) and gently press dough into the sides and bottom of pan. Use the rolling pin to roll over the tart pan and trim the edges of the dough. Gently prick the bottom of the pan with a fork, being sure not to go all the way through. Coat a piece of aluminum foil with nonstick cooking spray. Place, sprayed side down, onto the top of the dough in the tart pan. Fill with pie weights (dried beans or rice can be used). Bake until bottom of crust is no longer wet, about 20 minutes. Gently remove foil with pie weights and continue baking until golden brown, an additional 10 to 12 minutes. Remove pan from oven and cool slightly.

3. While apple mixture and tart shell are cooling, adjust the slicing disc to setting 3. Insert the slicing disc and slice remaining 2 apples. Toss with 1 teaspoon cinnamon. Reserve in bowl.

4. Pour cooked and cooled apple mixture into the tart pan and spread evenly. Arrange apple slices over the apple mixture in concentric circles. Brush with 1 tablespoon melted butter. Bake until apple slices are soft and lightly golden, about 25 to 30 minutes.

5. Remove from oven and brush with the warm apricot jam. Let cool slightly in pan and then carefully remove from pan. Serve warm.

PECAN SHORTBREAD LINZER COOKIES

These cookies can be cut into any shape, making them perfect for any holiday.

Makes 45 cookie sandwiches

1. Put the pecans and sugar into the large work bowl fitted with the large chopping blade. Pulse until the mixture resembles a coarse meal, remove and reserve. Put the flour, confectioners’ sugar and salt into the work bowl. Pulse to mix dry ingredients together, about 2 to 3 times. Add the pecan/sugar mixture to dry ingredients.

2. Distribute the butter evenly over dry ingredients in work bowl. Pulse to cut in the butter, 10 to 12 pulses. Add the vanilla extract. Continue to pulse until the mixture forms a dense dough. Remove dough and divide into two equal disks, wrap in plastic wrap and place in refrigerator for at least one hour.

3. Preheat oven to 350°F. Line two baking sheets with parchment paper. Set aside.

4. Remove 1 dough disk from refrigerator. On a floured surface, roll the dough into an even 1/8-inch thickness. Using a 2-inch fluted round cookie cutter, cut rounds and place on parchment-lined baking sheet. Bake for 16 to 20 minutes, turning baking sheet halfway through bake time, until the edges are golden. Remove from oven and transfer cookies to a cooling rack.

5. Repeat rolling and baking with remaining dough, this time using a ¾-inch round cutter to cut out centers of the 2-inch fluted rounds.

6. Once cookies are cooled, spread 1/2 tablespoon of the warm jam over the entire surface of the uncut rounds. Top with the cutout rounds and press gently together to adhere. Dust the tops of the cookies with confectioners’ sugar.
